Duties and Responsibilities

- Collect data for IPTI project (feasible and acceptability module).
- Conduct in depth interviews (Health facility, Community and District level).
- Conduct Focus group Discussions (community).
- Ensure accuracy of data collected.
- Follow all research ethics.
- Transcript and translation of data collected.
- Perform any additional task by the PL and/or site director of IHI and/or director of SFDRH when necessary.

Qualification and Experience

- Bachelor degree of social sciences or any related qualifications from recognized Institution.
- Minimum of 1-3 years' experience in qualitative research and data collection.

Skills and Competencies

- Fluent in both Swahili and English.
- Computer skills.
- Skills in qualitative collection and data management (collection, handling and record keeping).
- Excellent skills in problem solving and team work.
- Effective communication skills.
- Professional attitude with high level of integrity.
- Able to meet deadlines.
- Good command on the use of electronic gadgets (Tape recorder and Tablet).
- Adhere to IHI core values (Transparency, Accountability, Respect, Integrity and Initiative).
